

# SAFETY DATA SHEET

Based upon Regulation (EC) No 1907/2006, as amended by Regulation (EU) No 2015/830

### Soudaplug ST SECTION 1: Identification of the substance/mixture and of the company/undertaking 1.1. Product identifier Product name : Soudaplug ST Registration number REACH : Not applicable (mixture) Product type REACH : Mixture 1.2. Relevant identified uses of the substance or mixture and uses advised against 1.2.1 Relevant identified uses Sealing compound 1.2.2 Uses advised against No uses advised against known 1.3. Details of the supplier of the safety data sheet Supplier of the safety data sheet SOUDAL N.V. Everdongenlaan 18-20 B-2300 Turnhout **2** +32 14 42 42 31 +32 14 42 65 14 msds@soudal.com Manufacturer of the product SOUDAL N.V. Everdongenlaan 18-20 B-2300 Turnhout **2** +32 14 42 42 31 +32 14 42 65 14 msds@soudal.com 1.4. Emergency telephone number 24h/24h (Telephone advice: English, French, German, Dutch): +32 14 58 45 45 (BIG) SECTION 2: Hazards identification 2.1. Classification of the substance or mixture Classified as dangerous according to the criteria of Regulation (EC) No 1272/2008 Class Category Hazard statements STOT SE H335: May cause respiratory irritation. category 3 Skin Irrit H315: Causes skin irritation. category 2 H318: Causes serious eye damage Eye Dam. category 1 H317: May cause an allergic skin reaction. Skin Sens category 1 2.2. Label elements

Contains: cement, Portland, chemicals Signal word Danger H-statements H335 May cause respiratory irritation. H315 Causes skin irritation. H318 Causes serious eye damage. H317 May cause an allergic skin reaction P-statements P101 If medical advice is needed, have product container or label at hand. P102 Keep out of reach of children. P280 Wear protective gloves, protective clothing and eye protection/face protection. Publication date: 2015-04-24 Created by: Brandweerinformatiecentrum voor gevaarlijke stoffen vzw (BIG) 134-15960-552-en Technische Schoolstraat 43 A, B-2440 Geel Date of revision: 2017-05-06 http://www.big.be © BIG vzw Reason for revision: 2;3 Revision number: 0001 Product number: 56121 1/10

IF INHALED: Remove person to fresh air and keep comfortable for breathing.

IF ON SKIN: Wash with plenty of water and soap.

P333 + P313 If skin irritation or rash occurs: Get medical advice/attention.

- P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue
- 1 303 +1 33

P304 + P340

P302 + P352

P310

Immediately call a POISON CENTER/doctor.

Dispose of contents/container in accordance with local/regional/national/international regulation.

### 2.3. Other hazards

P501

No other hazards known

## SECTION 3: Composition/information on ingredients

rinsing

## 3.1. Substances

- Not applicable
- 3.2. Mixtures

Name REACH Registration No	CAS No EC No	 Conc. (C)	Classification according to CLP	Note	Remark
cement, Portland, chemicals	65997-15-1 266-043-4		STOT SE 3; H335 Skin Irrit. 2; H315 Eye Dam. 1; H318 Skin Sens. 1; H317	(1)(2)(10)	Constituent
calciumdihydroxide	1305-62-0 215-137-3		STOT SE 3; H335 Skin Irrit. 2; H315 Eye Dam. 1; H318	(1)(2)	Constituent

(1) For H-statements in full: see heading 16

(2) Substance with a Community workplace exposure limit

(10) Subject to restrictions of Annex XVII of Regulation (EC) No. 1907/2006

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

### General:

Check the vital functions. Unconscious: maintain adequate airway and respiration. Respiratory arrest: artificial respiration or oxygen. Cardiac arrest: perform resuscitation. Victim conscious with laboured breathing: half-seated. Victim in shock: on his back with legs slightly raised. Vomiting: prevent asphyxia/aspiration pneumonia. Prevent cooling by covering the victim (no warming up). Keep watching the victim. Give psychological aid. Keep the victim calm, avoid physical strain. Depending on the victim's condition: doctor/hospital.

After inhalation:

Remove the victim into fresh air. Respiratory problems: consult a doctor/medical service.

### After skin contact:

Wash immediately with lots of water. Take victim to a doctor if irritation persists.

### After eye contact:

Rinse immediately with plenty of water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Take victim to an ophthalmologist.

### After ingestion:

Rinse mouth with water. Consult a doctor/medical service if you feel unwell.

### 4.2. Most important symptoms and effects, both acute and delayed

### 4.2.1 Acute symptoms

After inhalation: AFTER INHALATION OF DUST: Irritation of the respiratory tract. CONCENTRATIONS: Risk of lung oedema.

After skin contact:

Tingling/irritation of the skin. Red skin. Dry skin. Cracking of the skin.

After eye contact:

Corrosion of the eye tissue. Inflammation/damage of the eye tissue.

After ingestion:

Abdominal pain. Nausea.

4.2.2 Delayed symptoms No effects known.

### 4.3. Indication of any immediate medical attention and special treatment needed

If applicable and available it will be listed below.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Reason for revision: 2;3

Revision number: 0001

### 5.1.1 Suitable extinguishing media

Small fire: Water (quick-acting extinguisher, reel), Quick-acting ABC powder extinguisher, Class A foam extinguisher

#### Major fire: Water, Class A foam. 5.1.2 Unsuitable extinguishing media

Small fire: Quick-acting CO2 extinguisher, Quick-acting BC powder extinguisher.

### 5.2. Special hazards arising from the substance or mixture

On heating/burning: release of toxic and corrosive gases/vapours (carbon monoxide - carbon dioxide).

### 5.3. Advice for firefighters

5.3.1 Instructions:

No specific fire-fighting instructions required.

5.3.2 Special protective equipment for fire-fighters:

Gloves. Face-shield. Protective clothing. Dust cloud production: compressed air/oxygen apparatus. Dust cloud production: dust-tight suit. Heat/fire exposure: compressed air/oxygen apparatus.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

### Prevent dust cloud formation.

- 6.1.1 Protective equipment for non-emergency personnel
- See heading 8.2

### 6.1.2 Protective equipment for emergency responders

Gloves. Face-shield. Protective clothing. Dust cloud production: compressed air/oxygen apparatus. Dust cloud production: dust-tight suit. Suitable protective clothing

See heading 8.2

### 6.2. Environmental precautions

Contain released product. Knock down/dilute dust cloud with water spray. Use appropriate containment to avoid environmental contamination.

### 6.3. Methods and material for containment and cleaning up

Stop dust cloud by humidifying with water. Scoop solid spill into closing containers. Clean contaminated surfaces with an excess of water. Wash clothing and equipment after handling.

### 6.4. Reference to other sections

See heading 13.

### SECTION 7: Handling and storage

The information in this section is a general description. If applicable and available, exposure scenarios are attached in annex. Always use the relevant exposure scenarios that correspond to your identified use.

### 7.1. Precautions for safe handling

Avoid raising dust. Observe very strict hygiene - avoid contact. Keep container tightly closed. Remove contaminated clothing immediately.

### 7.2. Conditions for safe storage, including any incompatibilities

### 7.2.1 Safe storage requirements:

Store in a dry area. Keep container in a well-ventilated place. Store at room temperature. Meet the legal requirements. Max. storage time: 1 year(s). 7.2.2 Keep away from:

- No data available.
- 7.2.3 Suitable packaging material:

Plastics.

7.2.4 Non suitable packaging material:

No data available

### 7.3. Specific end use(s)

If applicable and available, exposure scenarios are attached in annex. See information supplied by the manufacturer.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

Reas

Revi

### 8.1.1 Occupational exposure

## a) Occupational exposure limit values

If limit values are applicable and available these will be listed below.

	EU			
	Calcium dihydroxide	Time-weighted average exposure limit 8 h (Indicative occupational exposure limit value)	1 mg/m <sup>3</sup>	
		Short time value (Indicative occupational exposure limit value)	4 mg/m³

### 12.4. Mobility in soil

Contains component(s) that adsorb(s) into the soil

### 12.5. Results of PBT and vPvB assessment

The criteria of PBT and vPvB as listed in Annex XIII of Regulation (EC) No 1907/2006 do not apply to inorganic substances

### 12.6. Other adverse effects

### Soudaplug ST

#### Fluorinated greenhouse gases (Regulation (EU) No 517/2014)

None of the known components is included in the list of fluorinated greenhouse gases (Regulation (EU) No 517/2014) Ozone-depleting potential (ODP)

Not classified as dangerous for the ozone layer (Regulation (EC) No 1005/2009)

calciumdihydroxide

Ground water

## Ground water pollutant

### SECTION 13: Disposal considerations

The information in this section is a general description. If applicable and available, exposure scenarios are attached in annex. Always use the relevant exposure scenarios that correspond to your identified use.

### 13.1. Waste treatment methods

### 13.1.1 Provisions relating to waste

### European Union

Hazardous waste according to Directive 2008/98/EC.

Waste material code (Directive 2008/98/EC, Decision 2000/0532/EC).

17 01 06\* (concrete, bricks, tiles and ceramics: mixtures of, or separate fractions of concrete, bricks, tiles and ceramics containing hazardous substances). Depending on branch of industry and production process, also other waste codes may be applicable.

### 13.1.2 Disposal methods

Recycle/reuse. Remove waste in accordance with local and/or national regulations. Hazardous waste shall not be mixed together with other waste. Different types of hazardous waste shall not be mixed together if this may entail a risk of pollution or create problems for the further management of the waste. Hazardous waste shall be managed responsibly. All entities that store, transport or handle hazardous waste shall take the necessary measures to prevent risks of pollution or damage to people or animals.

### 13.1.3 Packaging/Container

### European Union

Waste material code packaging (Directive 2008/98/EC).

15 01 10\* (packaging containing residues of or contaminated by dangerous substances)

## SECTION 14: Transport information

### Road (ADR), Rail (RID), Inland waterways (ADN), Sea (IMDG/IMSBC), Air (ICAO-TI/IATA-DGR)

### REACH Annex XVII - Restriction

Contains component(s) subject to restrictions of Annex XVII of Regulation (EC) No 1907/2006: restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles.

	Designedian afthe substance of th	
	Designation of the substance, of th substances or of the mixture	ne group of Conditions of restriction
- cement, Portland, chemicals	Chromium VI compounds	1. Cement and cement-containing mixtures shall not be placed on the market, or used, if they contain, when hydrated, more than 2 mg/kg (0,0002 %) soluble chromium VI of the total dry weight of the cement.2. If reducing agents are used, then without prejudice to 1 application of other Community provisions on the classification, packaging and labelling substances and mixtures, suppliers shall ensure before the placing on the market that th packaging of cement or cement-containing mixtures is visibly, legibly and indelibly marked with information on the packing date, as well as on the storage conditions and the storage content of soluble chromium VI below the limit indicated in paragraph 1.3. By way of derogation, paragraphs 1 and 2 shall not apply to the placing on the market for, and use controlled closed and totally automated processes in which cement and cement-containing mixtures shall be used as the time thod for demonstrating conformity with paragraph 1.5. Leather articles coming into contact with the skin shall not be placed on the market where they contain chromium VI concentrations equal to or greater than 3 mg/kg (0,0003 % by weight) of the total dry weight of the leather, 6. Articles containing leather parts coming into contact with the skin shall not be placed on the market where they contain chromium VI concentrations equal to or greater than 3 mg/kg (0,0003 % by weight) of the total dry weight of that leather part.7. Paragraphs 5 and 6 shall not apply to the placing on the market of second-hand articles which were in end-use in the Union before 1 May 2015.

The information in this safety data sheet is based on data and samples provided to BIG. The sheet was written to the best of our ability and according to the state of knowledge at that time. The safety data sheet only constitutes a guideline for the safe handling, use, consumption, storage, transport and disposal of the substances/preparations/mixtures mentioned under point 1. New safety data sheets are written from time to time. Only the most recent versions may be used. Old versions must be destroyed. Unless indicated otherwise word for word on the safety data sheet, the information does not apply to substances/preparations/mixtures in purer form, mixed with other substances or in processes. The safety data sheet offers no quality specification for the substances/preparations/mixtures in question. Compliance with the instructions in this safety data sheet does not release the user from the obligation to take all measures dictated by common sense, regulations and recommendations or which are necessary and/or useful based on the real applicable circumstances. BIG does not guarantee the accuracy or exhaustiveness of the information provided and cannot be held liable for any changes by third parties. This safety data sheet head been elaborated for use within the European Union, Switzerland, Iceland, Norway and Lichtenstein. It may be consulted in other countries, where local legislation with regards to the set-up of safety data sheets will take precedence. It is your obligation to verify and apply such local legislation. Use of this safety data sheet is subject to the licence and liability limiting conditions as stated in your BIG licence agreement or when this is failing the general conditions of BIG. All intellectual property rights to this sheet are the property of BIG and its distribution and reproduction are limited. Consult the mentioned agreement/conditions for details.
